STYLE. INNOVATION. LEADERSHIP.

These three words capture the essence of PAGE3 (ADG BALAJI BUSINESS PVT LTD), India's fastest growing company in the segment. Keeping the needs of the modern customer in mind, PAGE3 opens the doorway to the world of style.

An extensive product portfolio that includes high end SLIM CISTERNS, besides sanitaryware and faucets, has made PAGE3 the primary choice of customers looking for stylish products in a contemporary lifestyle. PAGE3'S constant innovations have given several path breaking contributions to the industry. Some of its innovations have become benchmarks for the industry—like water-saving twin-CISTERNS.

Advanced technology has been the forte of PAGE3. Its state-of-the-art TRADING has been following the highest standards of quality with an emphasis on sustainability since its inception in (1983). PAGE3 plans to maintain its leadership status in the industry, while catering to increasing demands with satisfaction.

PAGE3 endeavours to provide complete bath solutions to its customers. Pursuing this objective, PAGE3 has launched a range of elegant faucets, designed with style and expertise. A modern facility with latest machinery like automatic CNC Machines & automatic polishing, the plant is equipped with superior technology manufactures the avant-garde collection of eco-friendly single lever faucets apart from the normal Half Turn & Quarter Turn faucets.

A team of over NUMBERS OF technicians across India provide prompt after-sales service to its customers.

In keeping with its tradition of innovation, PAGE3 style blends with innovation to reveal a new dimension of modernity.

QUALITY AND R&D

All Product are designed and manufactured in house thus ensuring strict quality and maintaining the consistency of our product.

PAGE3 has always strived to exceed customer expectations by providing high quality products, continuous innovation & state of art technology.

To ensure performance and quality, All PAGE3 products are tested after every production process. PAGE3 R&D team uses latest instruments & 3D modeling design software to design faucets and their functions.

QUALITY AND R&D

AERATORS

Devices That Mix with Water To Give High Flow

- Our integrated Honeycomb Laminar structured aerator provides protection from line buildup.
- The exquisitely designed aerators helps in decreasing over all water use.

CARTRIDGES

- The heart of every faucet the cartridge is responsible for controlling water supply.
- Page3 cartridge are 6 lacs cycle tested to give a longer and trouble free operating life up to 20 years (considering 60-70).
- Wide angle of lever provides ultra comfort and flawless, smooth operation.
- Our cartridge spindle is made of brass instead plastic, to avoid breakage.
- Work smoothly even at high temperatures (85 Degrees° and in various pressure conditions (0.5-b bar).

About us

Desiring to showcase its alluring products, **PAGE3** has conceived a brilliant solution - the all new **PAGE3 Look Book!** one smart book displaying beautiful styles designed to complement modern and contemporary lifestyle.

As India's most preferred home solutions provider, **PAGE3** focuses on providing superior quality products. Its entire range of innovative yet aesthetically appealing products has become truly extensive.

So turn the pages to choose from mesmerising designs, textures and shades, all created to enliven your spaces.
